HanStone Quartz Announces the Nature-Inspired Movimento Collection

Graceful movement, wispy veining, ageless hues and timeless appeal dominate the new collection

ATLANTA, GA January 20, 2015 -- [HanStone Quartz](#) brings the inspiration of nature to life today with a diverse collection of eight brand new product designs. The Movimento Collection celebrates the movement of the natural world. Made from pure quartz, this collection is comprised of the strongest and most durable surface materials on the market, with an unparalleled level of sophistication and design.

“The Movimento Collection brings nature to life with elements of flowing streams, quarried stones, luxurious suede, fine sands with charcoal veining and natural metals,” says Dan Boyd VP of Strategy for HanStone Quartz. “This collection fills a demand for modern materials with classic touches with the durability of quartz.”

The new collection consists of eight fresh colors:

- Ambrosial:** An elegant mixing of purist greys and warm greiges accentuated on a white backdrop with glass sparkles, Ambrosial is an ageless beauty.
- Arete:** A warm creamy white dappled with fine sands and a sweeping charcoal vein with warm undertones. Arete will give drama and charm to any space.
- Argil:** Golden, earthy, and captivating. Argil displays the perfect combination of creams, camels, and espressos highlighted with copper metallics and sweeping movement to evoke the essence of mother earth.
- Concord:** Showcasing the beauties of quarried stone with graceful vein gestures, Concord combines everlasting greys and pewters with unforeseen touches of shimmer.
- Kindred:** A stylish classic. Kindred perfectly combines greys, taupes, and pewters with touches of white, glistening copper, and fluid movement to create an enduring appeal.

- more -

- Anejo:** Translucent, chic, and vogue. Anejo combines soft taupe and grey droplets accented by rolling umber movements to offer elegance and a fashion forward appeal.
- Majesty:** With the splendid softness and luxury of suede, Majesty's layered latte hues contrast with misty white veins to evoke an understated opulence.
- Rampart:** A la mode and sophisticated. Rampart shimmers with the brilliance of warm copper chips infused in a deep rich auburn backdrop with subtle espresso veining.

HanStone Quartz is easy to maintain, eco-friendly, stain resistant, durable, nonporous and heat resistant. Unlike competitors, HanStone's innovative approach enables the company to deliver the most consistent quality of product on the market today. Offering beauty tough enough to stand up to everyday life, with classic hues and movements, HanStone Quartz celebrates the natural world around us, while being on trend and appealing for all interior aspirations.
